

CALL FOR ENVIRONMENTAL SCIENCE TDK (Tudományos Diákkör - Scientific  
Student Research Competition)

Dear Interested Students!

The Center for Environmental Science announces the Faculty Conference of Environmental Science Scientific Student Research Competition of this academic year. Anyone interested in (1) submitting the results of a project related to environmental science and (2) presenting it to the broader scientific community within the framework of a conference should apply. We draw the attention of supervisors that the application of international students (participating in the English language curricula) is warmly welcome, too! We encourage inviting all Hungarian and international students working in the field of environmental and related sciences to the challenge!

Participants get trained in composing/writing a scientific dissertation, delivering a scientific lecture and defending it in a professional discussion. All who participate will win, but there are valuable prizes for the best and the very best: first prize winners, in addition, "complete" the task of preparing the diploma thesis, i.e., they can submit their winning dissertation as thesis work. Last but not least, their work can also be valuable at PhD school admission scoring.

Conference deadlines:

Registration: Monday, 16<sup>th</sup> November, 2026

Abstract (short summary) submission : Monday, 16<sup>th</sup> November, 2026

Dissertation submission: Monday, 24<sup>th</sup> November, 2026

Conference: Tuesday, 11<sup>th</sup> December, 2026

Dissertations / presenters deemed suitable can enter for the National Scientific Student Circle in the spring of 2027.

Apply electronically. The application form can be downloaded from:

<https://environment.elte.hu/page/tdk2026/?lang=hu>

Please send the 1-page summary (abstract) of the dissertation in word format (.doc file), together with the application form to [angyal.zsuzsanna@ttk.elte.hu](mailto:angyal.zsuzsanna@ttk.elte.hu) by the deadline.

Please submit the dissertation only electronically (in pdf format) to [angyal.zsuzsanna@ttk.elte.hu](mailto:angyal.zsuzsanna@ttk.elte.hu) by the deadline. We do not need a print copy.

Any questions regarding the Scientific Student Competition should be sent to the above email address.

I wish you success with the preparations!

24<sup>th</sup> September, 2026

Dr. Zsuzsanna Angyal  
President of the Environmental Science TDK at the Faculty
